## Amendments to the Specification

Please replace paragraph 1 on page 8 with the following amended paragraph:

The ideal dye concentration will depend on collector length L and to some extent on width w and thickness t, which may have any suitable value. Thus these design parameters have first to be established.

Please add the following paragraph after paragraph 3 on page 10:

It is to be appreciated that dimensions given above are only an example of many possible dimensions. The collector sheets may have any suitable length, width and thickness.
